

GEORGE MANN REFUSES TO SIGN LOCAL RACE

Sail Ahoy! Race Is On

Stretched before the wind, a sail is a thing of beauty, strong and useful, but freed from its clew and tackle it is transformed in an instant into an awkward, writhing menace. This unusual view along the deck of the Rainbow shows the huge mainsail half suspended in air, half on deck. In this unusual quick work is required to make it fast, lest a sudden gust of wind entangle it with important halyards and exact a penalty of minutes lost to the rival racing yacht.

C. P. R. CHIEF IMPRESSED ON NORTH TOUR

E. W. Beatty, K.C., Returns From Peace Conference Early Monday

Favorably impressed with the appearance of the country as a whole and the great development shown since his last visit there four years ago President E. W. Beatty, K.C., of the Canadian Pacific Railway and the distinguished party accompanying him returned from the Peace River area this morning. While away the special train of the C.P.R. ran over the N.A.R. lines and the party was accompanied by Hon. C. G. Macdonald, president of the Northern Alberta Railway. Included in President Beatty's party were Sir Charles Gordon, president of the Bank of Montreal, T. A. Russell, president of the Massey Harris Company and Senator Smeaton White, who left the president's special in Edmonton shortly after arrival in order to proceed to Calgary. W. A. Black, director of the C.P.R. and Vice President D. C. Coleman who were also with the party remained on the special train with the president and will accompany him to Vancouver.

POST OFFICE THUGS TAKEN

HIGH RIVER, Alta., Sept. 17.—Captured after an attempt had been made to rob the Brant post office near here, Cecil Brown of Toronto, John William White, of no fixed abode, were in jail here today. Both are charged with attempted robbery.

Postmaster Thomas Jones found two men in the act of cutting round the lock of the post office door, and immediately sounded an alarm. The men escaped in a stolen automobile, but were soon captured by a posse of High River citizens under the direction of Royal Canadian Mounted Police Constable F. Cook.

FIGHT TO GO ON TONIGHT

NEW YORK, Sept. 17.—Barney Ross, welterweight champion, will fight Jimmy McLarnin, pound-for-pound champion, in a 10-round championship bout with Jimmy McLarnin tonight. McLarnin scored 18th round.

NEW YORK, Sept. 17.—Prospects were favorable today for a second round boxing bout between Ross and McLarnin, which would go on at 10 o'clock.

Although it rained early, forecasts said tomorrow, signs indicated clear and cool weather for tonight.

Premier Reid To Call Conference At An Early Date

Premier H. G. Reid expects to call a conference of the Alberta cities and larger municipalities at an early date, in connection with the relief agreements recently negotiated at Ottawa.

The Premier stated he had not decided on the definite date as yet but hoped to be able to announce it in the next day or so.

Fears Troop March

By JOSEPH E. SHARKEY

GENEVA, Sept. 17.—Germany will not sign the proposed Eastern Security Agreement—the so-called "Eastern Locarno"—because she refuses to risk having French and Russian armies treading the soil of the fatherland. Nevertheless, Germany would be willing to accept an eastern agreement embodying the idea of collective non-aggression obligations and consultation between interested powers in periods of political crisis. That in brief is what the Reich told the world's powers in reply to their recommendation that she sign the French-sponsored "Eastern Locarno," the Associated Press learned Sunday.

Cora McPherson Appeal Set Over To Jan. 15, 1935

The hearing of the appeal of Mrs. Cora McPherson against the decision of Mr. Justice Ford, who found that her husband, O. J. McPherson, former provincial minister of public works, had not secured his release by collusion and fraud, was set over until January 15, 1935, by the appeal division chambers on Saturday.

ADA M'KENZIE LEADS FIELD LADIES' GOLF

Mrs. Roy Horne, Edmonton, Qualifies With Score of 90

By EDWIN JOHNSON
TORONTO GOLF AND COUNTRY CLUB, TORONTO, Sept. 17.—Under dismal weather conditions which sent some skyrocketing, Miss Ada McKenzie, Toronto, defending champion, proved her fighting mettle by winning the qualifying medal of the Canadian ladies' open golf championship here today.

Showing a complete reversal from her performance in the international team match against Great Britain on Saturday, Miss McKenzie set a hot pace for the rest of the field of 64, and set the qualifying limit at 97 for the remaining 31 players making the grade in the championship flight.

BY-ELECTION LIBERAL WIN NOW CLAIMED

Ontario Victories Loom As Vote Survey Is Taken

By THOS. WATLING
Ottawa, Sept. 17.—A victory in every by-election in Ontario next Monday in the confident prediction of the National Liberal Federation headquarters, after a survey of the situation in each riding.

East Toronto, considered on Parliament Hill as a probable Conservative win, is claimed by the Liberals now as a sure win. The fact that the Conservatives in East Toronto have jettisoned the Federal party leader in a by-election where federal policies are at issue is taken here as a sign of general weakness.

FLEA FOR STEVENS
Placed all over East Toronto are signs, "Let Stevens win the work." No mention is made of Premier Bennett, nor of protection, nor the Imperial conference, nor the B.N.A. Act. It is recalled here that L. Church, the Conservative party leader, publicly stated two days before his nomination that the Conservative party is allied with the big interests.

This left Mr. Church in a dilemma in a riding which is chiefly industrial and where the "twisting" revelations are a definite issue. Reports running liberal headquarters are that Major Stedroff, the Liberal candidate, is a "twisting" man.

LONDON REVELS IN QUIET ZONE

LONDON, Sept. 17.—Motorists generally showed perfect willingness to comply, as London's "zone of silence" for motorists during the night hours as extended to every "built-up" area in the kingdom. This quiet zone was not more than 200 yards apart.

In the silence zone honking of horns and unnecessary noise in driving cars is banned from 11:30 p.m. to 7 a.m.

6,000,000 YET HELD SLAVES

ROME, Sept. 17.—An estimate there 6,000,000 slaves still in the world was made today by Cardinal Pius XII in a plea for the church to continue its efforts to eliminate human servitude.

In a letter to the Bishops of Australia, New Zealand and the Dutch East Indies, Cardinal Pius XII, prefect of the Congregation for the Propagation of the Faith, which controls all Roman Catholic missions, expressed his indignation at the persistence of the church anti-slavery program as enunciated by Pope Leo XIII.

Queen Of Gypsy Tribes Wants Job On Paris Stage

Romya Bands Hold International Reunion In Polish Border Town

By PIERRE VAN PAASSEN
OPAWA, Czechoslovakia, Sept. 17.—A queen of all the gypsies in the world, 60 years old, sensationally performed smooth black hair, rings on her fingers, blood-red lips, and a pair of eyes that would melt the heart of a Nazi judge.

The Queen of Gypsies, who is attending a gypsy reunion in the Polish border town of Opawa, is a woman of many names, King Michael of Rumania, who is in strict confidence that she is the royal blood.

British Challenger Passes Rainbow In Home Course Turn

ABOARD U.S.C.G. CUTTER ARGO OFF NEWPORT, Sept. 17.—T. O. M. Sopwith's challenging British yacht Endeavour today won the second race of the America's Cup series from Harold S. Vanderbilt's Rainbow, scoring the first British race victory in the yachting classic since the late Sir Thomas Lipton's Shamrock IV won the second race from Resolute in 1920.

At 2:25 Endeavour doused her spinnaker and set a big Genoa jib but during the delay Rainbow made up many lengths.

Just when it appeared she might have a chance of catching the British boat Rainbow's spinnaker split at the foot and she had to douse it.

Fifteen seconds behind on the beat to windward the big British racer fairly ate up the breeze on the run home to administer a decisive defeat to the defender. Endeavour's margin was two minutes nine seconds by official timing.

The first race between the two Saturday was declared no contest when the time limit of 5 1/2 hours expired.

SHIPPED SAIL
While Vanderbilt was looking for a breeze on the run home, his huge spinnaker sail, which he had right for the line, his huge Annie Oakley spinnaker, the sail with the hole in it, filling the boat fully in a nine-knot breeze and showing the blue-tinted challenger through the water to increase the lead of the British boat.

Just before the race was won Sopwith jibed and it appeared his crew was a little slow in breaking the beat to windward.

HEAVY DEMAND FOR NEW BANK SHARES CITED

Indications Point to Over-Subscription at Ottawa Market

OTTAWA, Sept. 17.—There was a heavy demand for Central Bank shares, which went on the market today, with subscriptions reaching the Minister of Finance by letter, wire, and telephone. Only those arriving on the regulation form obtainable at all banks and post-offices as well as offices of the receiver-general, could be accepted.

Indications were the issue of 100,000 shares at \$50 each would be completely absorbed.

GUARD KILLER FLEES PRISON

Signs Point To Election Late In 1935

Final Session Parliament Likely to Start Early Next Year

OTTAWA, Sept. 17.—Lack of anything in the way of professional activity among government departments, coupled with unofficial information circulating about Ottawa, has led to the general belief that the idea of a fall session has been abandoned. There is every evidence, however, that regardless of the outcome of the five federal elections to be decided in Ontario a week from today, the government will again meet parliament, probably early in the new year.

An apparently reasonable forecast is that parliament will be called about the middle of June, in connection with the new legislation, and an early budget showing a substantial surplus, some reduction in the public debt, and advanced legislation designed to place a large measure of control upon industry to remedy evils disclosed before the Stevens case.

DUKE YORK MAY BECOME GOV. GENERAL

King's Second Son Mentioned As Head of Canada Officialdom

By THOS. WATLING
OTTAWA, Sept. 17.—The Duke of York may be the next governor-general of Canada, Rumor that Mr. King, the King's second son, might have the office has revived the belief cherished in the capital that the Duke's second son may be His Majesty's next representative in Canada.

It is understood that His Royal Highness is quite willing to come in the senior position, and that His Majesty would like to pay the compliment to Canada. The feeling has grown that the office has not been building the support of Canadians that it did before, and that a royal Governor-General would strengthen the position of the King's representative.

The Governor General received an annual salary of \$40,000. The government also pays for the upkeep of Rideau Hall, but personal staff, living expenses and all entertaining must be paid for by the Governor.

PEOPLE LEAGUE MEMBER THIS WEEK

U.S. ACTOR IS HELD BY WILD JUNGLE TRIBE

Months-old Message Asking Help Arrives From Interior Brazil

RIO DE JANEIRO, Sept. 17.—An appeal for aid drifted into civilization out of the Mato Grosso forests Sunday from Albert de Witton, 66-year-old Los Angeles movie actor, who for more than a year has been exploring the jungle in a lone search for the lost Brazilian explorer, Col. P. H. Fawcett.

The message asked that the United States consul here and the Brazilian government extricate him from the hands of the Inuit Indians deep in the jungle along an uncharted river.

The Indian service said it was "impossible" for the Brazilian government to interest itself in a rescue inasmuch as De Witton's quest is private and unofficial.

It was indicated that should the United States consul take action on the basis of an unconfirmed report that De Witton is still alive, the American government might move too slowly to bring timely relief.

Rupprecht Cunha, director of the Jose Museum in Curitiba, capital of Mato Grosso, forwarded the appeal dated May 23, 1934. It was delivered Saturday to the minister of agriculture here.

DOUGLASITES LOSE: FIGHT TO CONTINUE

Leader of Party in Australia Not Discouraged As No Seats Won

SYDNEY, Australia, Sept. 17.—Unsurprised by the fact they failed to elect a single candidate in Saturday's Australian general elections, the Douglas Credit party plans to continue its battle for the social credit scheme sponsored by the party.

The fact we registered a good showing on fighting our cause, I feel certain that in the next few years, we will succeed in convincing the majority our cause is just.

The Douglas men contested nine seats in the House of Representatives. They had 16 house candidates in New South Wales, six in Queensland, five in South Australia, four in Victoria and four in Tasmania, and two in western Australia.

1 DEAD, 2 LOST IN STATE FIRE

SACRAMENTO, Calif., Sept. 17.—Flames sweeping California forests left one man dead, two missing, and thousands of acres of blackened timber and brush land today.

The body of George Nicholson, 42, of Grass Valley, was found in a burnt strip of the Tahoe national forest.

Nicholson and the missing pair, Travis Child, 39, of Nevada City, and Carl Reighrath, 25, of Sacramento, were members of a fire-fighting crew of 50 brought between a high bluff and advancing flames.

The flames, which had burned over 500 acres, still are out of control.

Hotel Burns At Mountain Park

MOUNTAIN PARK, Sept. 17.—Fire here today afternoon completely destroyed a hotel and damaged adjoining buildings with smoke and heat. Although it is believed that the loss was extensive, the building was fully well covered with insurance.

The building is the property of the Mountain Park Hotel Co., while the contents belong to D. S. McDonald.

Temporary restaurant facilities were set up in the theatre hall and guests of the hotel were moved to the town place.

Many other buildings were endangered by the fire, but they were saved by the splendid work of the volunteer fire department.

BRITISH TIES FOR CENTRAL BANK DENIED

Com-Operation Probable, Says Towers, But Not Subsistence

QUEBEC, Sept. 17.—Graham P. Towers, head of Canada's new central bank, the Bank of Canada, stated just before he sailed for Europe in the liner Empress of Britain Saturday that intimations the bank would be subservient to British financial interests have no foundation. "I suggest all central banks try to co-operate with each other on an informal basis," he said.

Accompanied by Mrs. Towers the young financier will spend about six weeks visiting European banking establishments to study the workings of central banks. Paris, Amsterdam, Stockholm and London are the first points of his itinerary.

"We must be back as soon as we can," he said. "The bank is to start functioning reasonably soon after the first of next year."

As yet Canada's bank has neither organization nor staff. He said that the staff will not be a large one. It will total, he expects, about 210, of whom 140 will be civil servants transferred from the department of the assistant receiver general. Headquarters will be in Ottawa.

TEACHER QUILTS \$30 WEEK TO START UTOPIA

MONTICELLO, N. Y., Sept. 17.—With the avowed purpose of establishing a Utopian community based on the principles of Plato's republic, a 27-year-old teacher Sunday resigned his \$30 a week position and prepared to leave for the South Sea islands.

The teacher, Herman Muskowitz, said he expected to separate a group of 100 people from the general public to form a "new intellectual, social and moral discipline."

NO TIME LEFT AS LEDUC MAN SENT TO JAIL

LEWIS, Sept. 17.—Charged with driving while intoxicated, Oscar Bablitz, of this town, was on the way to serve his 14-day term in Fort Saskatchewan jail less than an hour after the accident which led to the charge.

Bablitz was driving home in his car near the cheese factory Friday evening about six o'clock, when he crashed into a buggy driven by the 15-year-old daughter of Fred Guliche of this town.

Miss Guliche was thrown from the horse-drawn vehicle and today was shaken up. The buggy was smashed to wreckage.

Called before Magistrate Young, Bablitz was sentenced to 14 days and \$20 and costs immediately buried off to serve his term that evening.

OLD PARCHMENT PROVES TO BE JUST FLYPAPER

SANTA MARIA, Calif., Sept. 17.—The Capuchin Fathers laughed Sunday, along with the rest.

Some years ago somebody at the Santa Maria mission picked up from a trash heap what appeared to be a portion of chequakin binding from the Book of the Mass. It resembled handwritten executed by Indian neophytes, renewed a century ago for the excellence of their leather work.

The specimen was preserved in a locked cabinet by the Capuchin fathers, guardians of the mission. Yesterday Arthur Woodward, a collector of history at the Los Angeles museum, examined the "parchment." His magnifying glass disclosed the primitive scheme, faded by years of exposure to sun and rain, to be the old-fashioned name of a brand of flypaper popular a decade ago.

BOY CHOKES TO DEATH ON TOY BALLOON

Learning Lingo Hard Part Of Woman Sailor

By ANNA PETERSEN
NEWPORT, R.I., Sept. 17.—The timekeeper of the British challenger for the America's Cup, Endeavour, learning the lingo is the hardest part of sailing.

The timekeeper, Mrs. T. O. M. Sopwith, wife of the owner of the Endeavour, is a 35-year-old woman who hopes to regain the famous trophy.

"Timekeeping is an important part of sailing but I'm not the least bit nervous about it," she said today. "I have been racing in sloops for the last five years. It is really much easier to sail large boats than the small ones in which the boom goes about so fast and you must sail with lightning speed."

"Timing for the America's Cup races is also much easier than some timing jobs I have held in England."

Ten minutes after the course signal is given you have the start signal; five minutes later the preparatory and then the starting gun. There are four guns in all. My job is to give my husband every half minute, then every quarter, then every 10 seconds and at last every second. This helps him to work out his start and to cross the line full on with the greatest amount of speed.

"It takes accuracy and concentration, certainly, but the really hard part of sailing is to learn the language. There are all sorts of tricky terms. The minute a rope gets on the board, for example, it becomes a sheet."

MERE 100 YEARS FAILS TO STOP THIS OLD GENT

SALT LAKE CITY, Sept. 17.—A 100-year-old hitch-hiker was a visitor here Sunday, but he plans to "thumb" his way to Los Angeles before he leaves.

Matthew Watt, who said he was born in Perthshire, Pa., June 25, 1834, "dropped in" at the county home here last night. Watt said he left his daughter's home in New York, Pa., because of a family argument over a hitch-hike which was west.

The veteran said his mother died at the age of 118 years and his father at 120, but his grandfather and grandmother lived to be 147 and 143, respectively.

DOG RACE AT END: ELECTRIC BUNNY HELD

EAST ST. LOUIS, Ill., Sept. 17.—Unsuccessful in court attempts to block a local promoter's plans for a dog-racing race, 20 deputy sheriffs decided on more direct action. They confiscated the electric rabbit.

The program ended.

Three Drown

MINNAPOLIS, Sept. 17.—Three persons were drowned in Fulham Creek, near here, when their canoe upset Sunday.

The victims were William Shields and Pat Kellogg, both 19 years of age, and Miss Dorothy Bourke, 16, all of Timmins.

Jobless Listed

VICTORIA, Sept. 17.—Re-registration of unemployed in British Columbia today showed 1,000 more than the prospect there will be 20,000 names on the list. This compares with 31,031 registered in July.

SCHOOL BURNS

PERRYVALE, Sept. 17.—Fourteen students here had their vacation prolonged here, due to the fire that completely destroyed the local school house in the Willow Ridge district Sunday night.

The cause of the fire is unknown. School trustees are now engaged in getting another building so that students may continue.

DOMINION TO SELL ALL '34 WHEAT CROP

James Richardson Says Drought, Heat Has Reduced World Stock

QUEBEC, Sept. 17.—Disruption of most of the world's excess surplus stocks of grain by heat and drought in the northern hemisphere last summer will result in the sale of the whole of Canada's 1934 wheat crop, according to James A. Richardson, of Winnipeg, who said for Europe Saturday in the British Empire.

"I don't mind saying that the most of the world's surplus of the world's wheat stocks. The stocks that are available are well distributed, and we have every reason to look forward to a good market for Canadian wheat for the next 12 months."

There is every expectation that there will be a very small carry-over at the beginning of the new crop year of the first of August, 1934," Mr. Richardson said.

Mr. Richardson expects the crop to be a bumper crop. It will be away four or five weeks. His visit is in connection with his grain interests, and he expects to visit France, Italy, Germany, Denmark and the United Kingdom. This year's crop, his opinion is, will be slightly larger than the estimates that have been made.

Appeal Made

MONTREAL, Sept. 17.—An emergency appeal to raise \$200,000 for the relief of thousands of Jews in Europe was inaugurated here last night in the presence of Lord Leith, German and United States speakers.

MOSCOW ACCEPTS INVITATION FOR SEAT AT GENEVA

Who Wants To Be Well Now Anyway

To Take Place Beside Italy, France, Great Britain in World Affairs; Irish Free State Doesn't Sign.

GENEVA, Sept. 17.—With a formal acceptance of the invitation to membership in the Union of Soviet Socialist Republics on record last night, it was anticipated the U.S.S.R. would become a member early this week.

At a special session of the league council Saturday, Russia was allocated a permanent council seat, which assured her equality at Geneva with Great Britain, France and Italy.

The Soviet Union's acceptance, however, contained a warning that her entry in the league will not be submitted to that body's arbitration.

TO BE APPROVED

Allocation of the council seat must be approved by the league assembly, in which the question of Russia's election to the league body also will be referred.

The invitation to join was dispatched by telegram to Moscow, and the acceptance arrived yesterday. Russia's new place on the council will be in one of two vacant seats, left empty by the withdrawal of Germany and Japan last year.

FIVE OFFERED

All the nations of continental Europe participated in the invitation, with the exception of Switzerland, Belgium, Holland, Portugal and Luxembourg.

Great Britain and all the British commonwealths signed, excepting the Irish Free State. The Scandinavian countries sent a separate invitation.

West Indies Cruise Brings Visitor to Nevils, St. Kitts;
Many Professional Men Are Colored; Old Fort
Bring Back Days of Franco-British Struggles

By LLOYD G. DOWNEY
ST. KITTS, Sept. 16.—(By wire.)—The little island of St. Kitts, in the Caribbean, has a history that is as old as the world. It was first discovered by Christopher Columbus in 1493, and it has since been a scene of many of the most important events in the history of the West Indies.

It was here that the first English settlement was founded in 1624, and it was here that the first battle between the English and the French was fought in 1782. The island has since been a scene of many other important events, and it has a rich and varied history that is well worth knowing.

When I left Halifax on the C.N.R. steamship, Lady Hawkins, for the West Indies and South America, I did not know that during a month's cruise in southern waters I was to find the very heart beat of the British Empire. In the little island of St. Kitts, I found a scene of the most important events in the history of the West Indies.

After long rows of deep-cut stone steps, we stood on the shore at that point that the sea was ever sweeping stretch of blue tropical palm-jaded and sparkling white sand. The story of how we came to be here is a story of the most important events in the history of the West Indies.

THE BLACKS AND WHITES
Nevils, although only a stone's throw from the sea, is a distinctive in its own personality, as are all of the islands. Both Nevils and St. Kitts are members of the Leeward Group and part of the happy colony of the Leeward Islands.

Life on the island is a life of the most important events in the history of the West Indies. The island has a rich and varied history that is well worth knowing. The island has a rich and varied history that is well worth knowing.

THE LAKE
Standing here, I had written the words "rolled orders." The story of the shipwrecked soldiers who were stranded on the island of St. Kitts is a story of the most important events in the history of the West Indies.

Trics New Football As Gridiron Training Starts
Edmonton and Northern Alberta generally will have a lighter battle for a Western Canada championship when Eddie Weststob clashes with Tracy in the headline bout of Friday's boxing show at the New Empire theatre.

Bill Lewis

It has been a long time since an athlete who takes his training as seriously as this young Ed Weststob, son of Miss Kipling's fighting form . . . Up every morning before six, Weststob goes out on a five-mile run and 100 push-ups. . . . He goes through a stiff session in the afternoon, taking a few rounds of skipping, another few on the bag, then some of shadow boxing and two or three with a sparring mate. . . . Even then he is not satisfied but does some exercises before knocking off for the day. . . .

That's no easy schedule for a younger but Weststob likes it and goes through it with a will. . . . He is a willful man in which you can trace the slightest sign of a desire for what would be a tough grid for the ordinary athlete. . . . He is determined to win the title he has chosen game and is working hard to do so. . . . He is Friday night with Bill Lewis, who gives him a chance at the Western Canada light-heavyweight title.

No further action has been taken by local boxing officials in connection with their battle against the action of the A.A.A. association. . . . It is not likely that anything will happen until the Edmonton State League has a meeting. . . .

What can be done about rectifying the baseball situation in the province is a matter of concern but unless the action of the A.A.A. is stopped, it is unlikely that any action will be taken. . . .

Ed Weststob Aims At Western Title In Fight Friday

Champion Here Wednesday to Get Ready for Bout at Empire
For the first time in many years Edmonton and Northern Alberta generally will have a lighter battle for a Western Canada championship when Eddie Weststob clashes with Tracy in the headline bout of Friday's boxing show at the New Empire theatre.

It has been more than a decade since this part of the province has had a boxer of Weststob's possibilities in professional ranks and a boxer of Tracy's standing interest created both here and in the surrounding district in the approaching contest.

Weststob, a two-fisted brawler who wears into the opponent from the moment he steps into the ring, is considered the stronger of the two. . . .

Shows Real Class
In this fight, Weststob demonstrated that he has got more than it takes to make a real-topper. . . .

FEED EMBARGO SLACKENED BY OTTAWA ORDER

Export of Hay, Straw to
U.S. to Be Allowed
By Licenses

OTTAWA, Sept. 17.—Embargo on export of hay and straw to United States placed by the Dominion government by order in council of August 15 was partially lifted following a check-up of supplies concluded on September 11. It was stated in an explanatory announcement made public here over the weekend.

Following passage of the order-in-council, exports of hay and straw was permitted only by license and was restricted by well-established markets. When, on Sept. 11, it was found that a surplus existed in some provinces licenses for export to the United States, applied for since August 24, were granted.

Until a further inventory of supplies has been completed these licenses will be issued in all except the three prairie provinces where similar export will be allowed under arrangements and control by the ministers of agriculture and relief officials.

MEMORIAL IS ERECTED

BANFF, Sept. 17.—Erected from bones which survived the towering Rockies, which surrounded it, a memorial to perpetuate the memory of Canadian Brigadier General Sir John Macdonald, Canadian Geological Survey, stands unveiled in Banff National Park today.

Members of the Canadian Institute of Mining and Metallurgy attended the unveiling ceremony yesterday following the close of the annual western meeting held at Calgary.

A number of the Canadian Institute from 1904 until his death in 1928, Donald Bogart Dowling was president during the 1918-19, and throughout his career played a notable part in the development of the mineral resources of the Dominion.

The bronze plaque on the cairn, of which F. W. Gray, past president of the Institute, was the sculptor, has an inscription reading: "His work on coal, petroleum and natural gas is a lasting inspiration to students of geology."

Bidding went: West, 1-heart; North, 1-spade; East, 2-hearts; West, 4-hearts, ending the auction.

The opening lead was the K of spades, followed by the Q. The J was dropped on the second lead by the declarer. As South had not bid, it was evident that another lead of spades would enable one to discard a loser while the other trumped. It was time to shift the lead, but which minor suit should North lead? HIGGINSON IS STILL IN CITY

Contrary to published reports, Thomas W. "Tommy" Higginson, insurance salesman had on a commitment to the Supreme Court for trial in a charge of murdering a 16-year-old Alma Armstrong, Pigeon Lake girl, in his home, Friday, August 24, is not out of the Fort Saskatchewan jail. Higginson has been held in the city cells since his commitment last week.

The transfer to the provincial jail will probably be made Monday or Tuesday.

"I'm sorry to leave here," he confided in a Bulletin reporter, during religious services Sunday afternoon. "They have treated me fine here in these cells, but it is sure a rough proposition at the Fort. No smoking and they won't allow a man to shave himself or be shaved."

Apparently calm and at ease with the world and not railing at the fate that landed him behind the bars on the murder charge, Higginson entered whole heartedly into the service and led the singing of the first hymn, "Remember on the Promises of Christ Our King."

A model prisoner, Higginson has been allowed to shave and wear a good suit of clothes during his stay in the city cells. To take his mind from his plight he has been given a number of books, including the Bible, and he has been allowed to read the news of the world on his hands time lies heavy.
